TAMMANY IS ON TOP OF THE HEAP

Kings County Will Support the Whole Democratic Ticket.

HARMONY NOW PREVAILS

McLAUGHLIN HAS COME INTO CAMP.

NEW YORK, Oct. 21.—Former Police Commissioner Bernard P. McGuire, one of the leading Tammany supporters in Kings county, in a talk on politics today, was understood to say that Mr. McLaughlin had decided to withdraw his opposition to Messrs. Grout and Fomes, the Democratic nominees for comptroller and president of the board of aldermen respectively. James S. Shinn, a member of the committee of fifteen appointed at the meeting of the Kings county Democratic committee Monday night, said today that the committee would be called together, probably tomorrow, and that at that meeting Grout and Fomes would be endorsed.

When Mr. York's attention was called to the above statement he said he had not talked for publication on the subject. He would not confirm or deny the report that Mr. McLaughlin had made such a decision.

Mr. McLaughlin's decision closes probably the most exciting phase of the present campaign for municipal offices in this city. When Charles F. Murphy, leader of Tammany Hall, let it be known that he was his intention to endorse Grout and Fomes for the offices held by them under the Low administration, Hugh McLaughlin declared that he would not support men who had lent their aid to the fusion movement two years ago, and at the city Democratic convention there was a dramatic scene when the spokesmen for the aged Brooklyn leader made their protest against Murphy's program. Tammany had a majority of the votes, however, and the Brooklyn objections were not heeded. Both Grout and Fomes were dropped by the fusionists after the city Democratic convention and now they are on only the Democratic ticket.

NEWS CONFIRMED.

Brooklyn Democrats Will Support Grout and Fomes.

New York, Oct. 21.—Peace has been declared between the supporters of Hugh McLaughlin and the Democratic organization of New York over the endorsement of Grout and Fomes for the offices of comptroller and president of the board of aldermen.

Whether the result was brought about by the surrender of Hugh McLaughlin to Mr. Grout and Fomes, or through concessions from Tammany in exchange for patronage, is not known, but whatever the basis of the compromise, McLaughlin and his campaign committee will work in harmony with the Tammany committee.

Mr. Martin W. Littleton, candidate for comptroller, who has been maintaining the fight by his own efforts, was declared as one of the nominees of Grout and Fomes.

LOOPHOLE OF ESCAPE

General Chase Expects to Go Free on Mere Technical Grounds.

Denver, Oct. 21.—The general court-martial which is hearing charges against Brigadier General John Chase of the National Academy of Artillery, who came before the court yesterday, is expected to find him guilty of perjury and to sentence him to a term of years in prison. General Chase, however, according to his own evidence, waived this requirement. Attorneys for General Chase took the ground that the charges against him were lacking. After long consideration the court-martial asked attorneys on both sides to submit briefs on the question involved and adjourned until tomorrow.

STILL EXPLAINING.

Mr. Chamberlain Talks Tariff at Tynemouth.

London, Oct. 21.—Joseph Chamberlain spoke to a large audience at Tynemouth today, but he did not add much to what he has already said in his recent addresses. He dwelt lengthily on the relations between Great Britain and her colonies, saying that the British empire was a mandate from the people to negotiate with the colonies. His speech at Glasgow had been misinterpreted, he said, and he was anxious to clear up the circumstances. He said he was not interested in the colonies, any more than he was in the United States, and that he was not interested in the colonies, any more than he was in the United States, and that he was not interested in the colonies, any more than he was in the United States.

In Mr. Chamberlain's opinion matters in this country had been left alone too long.

COLOMBIAN CONGRESS

WILL PASS UP CANAL

Panama, Colombia, Oct. 21.—The Star and Herald say that a bill which would give the Colombian congress will adjourn without deciding anything practicable on the canal treaty, and suggests appointing Dr. Pablo Arango as minister to Colombia at Washington to reopen the negotiations. The reasons given are that Dr. Arango is an able diplomat, and a lawyer; that he has lived in the United States, and that he is one of the Colombians who have discussed the treaty with a clear vision, having studied the subject thoroughly.

Mr. Morse had been in bad health for some time and it was announced by a private secretary that he had probably opened the window for air and was overcome by heart trouble. London, Oct. 22.—The Times this morning publishes the dissenting opinion pronounced by the defense in the trial of A. B. Aylesworth, one of the Canadian commissioners. It is dated Oct. 17 and takes up three columns in the Times and is a most minute description of the whole trial and a record of the dissenting opinion of the majority, in conclusion as follows:

"I have merely to say that the course of the majority of this tribunal has decided to leave the question of the entrance of the Portland channel is, in my humble judgment, so opposed to the requirements of justice and so absolutely irreconcilable with any disposition of that branch of this case upon principle of judicial character that I respectfully decline to affix my signature to the award."

SQUEEZED TO DEATH BY BOA CONSTRUCTOR

Berlin, Oct. 21.—A young woman was squeezed to death by a boa constrictor at Voellgarden, Prussia, today, when she was performing in a menagerie. The spectators thought at first that her screams and frantic struggles were the snake's fight with a cold, and were part of the show, and applauded and cried "Bravo!" at the "realism" of her acting. The animal, however, saw the woman's danger, ran in, beat the snake and slashed it with knives. The woman was dead when released.

PITTSBURG BANK FORCED TO WALL

Federal National Compelled to Close Its Doors.

DEPOSITORS WERE ALARMED

STATEMENT OF RESOURCES AND LIABILITIES.

PITTSBURG, Pa., Oct. 21.—The Federal National bank was not opened for business today morning. The following notice was posted in explanation:

"Closed by the authority of the comptroller of the currency."

"JOHN CUNNINGHAM, Receiver."

Such action as this has been within the possibilities for the past two days, forecasted by the determined raid made upon the institution's stock on the Pittsburgh stock exchange. The positive statements, however, of the president, J. A. Langille, to the effect that the bank was not in need of money, and that its losses would not affect its capital stock or surplus, did much to warding off distrust on the part of its depositors, thus preventing a run.

The closing of the bank was decided upon at a meeting of the directors last night, which did not break up until 2 o'clock this morning. At that hour none of the directors made a statement and locally the outcome of the meeting was not generally known until the receiver's notice was posted at 9 o'clock.

The bank is a United States depositary.

Dillon, Mont., Oct. 21.—A serious accident occurred on the Short Line five miles south of Dillon about noon today, when Jack Murphy, said to be a miner returning from Colorado to Butte, fell beneath the wheels of a freight train and had his left arm cut off.

With a companion Murphy was riding on one of the big steel coal cars, and in some manner, probably while asleep, he lost his balance and fell off. In the meantime the section men found the injured man as they were returning to work after dinner.
